Car Emergency Assistance

Services Included:

Flat Tyre Support

Tyre puncture repair attempted; costs apply, towing to nearest shop if unavailable.

Onsite Minor Repairs

A technician will be arranged for minor on-site vehicle issues.

Battery Jump Start

Technicians will be arranged to jump-start the vehicle in case of battery drain.

Fuel Delivery

Five liters of fuel provided; if unavailable, vehicle towed to nearest station.

Medical Coordination

myTVS CEA only shares nearby medical/ambulance contacts for help. Service quality and transactions are solely between customer and provider. If services aren't available, myTVS CEA isn't responsible.

Key Lockout Assistance

Spare key delivered only if breakdown occurs within the same city.

Mode of Towing

TVS Auto Assist uses all available towing methods based on breakdown location.
